

WELCOME TO OUR CLASSROOM

"The child who concentrates is immensely happy"

---Maria Montessori---

Happy Spring Break

Sunshine
Playing outside
Rainbow
Insects buzzing about
No School
Green leaves

Yes, we made it all the way till Spring Break. Thank you all for your support and help to keeping our school open and everyone healthy. Let's continue our journey. I would also like to welcome our new friend Liam and his parents Annie and Michael.

Color Mixing

Blair is working with primary colors to make secondary colors. She is using eye droppers filled with water and food coloring.

Artist of the Month

Christian is working on his piece of art.

Our Artist of the Month is Piet Mondrian. Mondrian is a Dutch artist from the city of Winterswijk. I grew up in the same city and my dad still lives in Winterswijk.

We have been creating our own geometric and abstract paintings by using a ruler and primary paint colors.

Parent Teachers Conference

Thank you for taking the time to meet with me about your child. Your involvement in your child's educational journey contributes to their progress at school. I'm happy to be a partner in your child's success.

Some action pictures

Please be respectful with the PICTURES that I share in the newsletters, don't share on social media. Thanks

Ayla is working with a lesson from the Pink Language series. Clip the clothespin on the correct word.

Louie is working with the Montessori Grammar Symbols (noun, article and adjective)
Example: the blue car

London is working with the Geometric Solids

Joaquin is working with the Multiplication board.

We have St. Patrick's Day lessons on our Unit shelf, including matching, sorting, language and math lessons.
