

WELCOME TO OUR CLASSROOM

Never help a child with a task which they feel they can succeed
---Maria Montessori---

Parent Teacher Conference

Thank you for taking the time to meet with me and chatting about your beautiful children. Our partnership is a key to the success of your child's learning and growth. I'm happy to be a partner in your child's journey at Mapleton Montessori School. If you have any further questions don't hesitate to contact me.

Cold and Chilly mornings

The cold and chilly mornings have started, please bring enough layers for the children to wear. Snowy days are around the corner, bring snow pants, jackets, waterproof mittens, and a warm hat, because we will go outside to play in the snow if the temperature is not too cold. A little practice putting on the snow gear at home, will help your child to be successful.

Science Experiments

There are a lot of ways you can make a volcano with kids; you will need some sort of container to hold the ingredients. We built a volcano in the sandbox by using a bottle, sand and a pumpkin. Volcano ingredients are:

- Baking soda
- Vinegar
- Food coloring

Have fun experimenting.

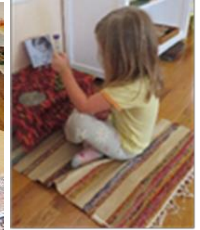

Some action pictures

Adam is practicing cutting play doh.

Wesley is practicing cutting yarn.

Eloise is making silence.

Hannah is working with the Land & Water forms.

Penny is working with the Blue Triangles.

Bennett is building the Roman Arch.

Oscar is putting Apples in the tree by counting and recognizing the number.

We have been learning & talking about apples & pumpkins.

Kauan is hammering a Jack-O-Lantern face in a pumpkin by using golf tees & rubber bands.

Please be respectful with the PICTURES that I share in the newsletters, don't share on social media. Thank you.

Special Days Around the World

Let's Celebrate, Special Days Around the World during the next 2 months. Our Special Days will be Thanksgiving, Sinterklaas, Hanukkah and Christmas.
